Financial Department.

SIR,

In reply to your Circular letter No.Fl.2119-65/Gl.Fin.93-07-1, dated 4th November 1907, I have the honour to inform you that none of the officers of this Department is given any house rent, but the officers of the Mine Inspection Branch(The Inspector and the Deputy Inspector of Mines) and their Establishment (2 clerks and 6 peons) are provided with Government buildings for their occupation. The sanction of Government for the construction of these buildings was obtain by the P.W.D. at the request of the State Geologist and Secre tary to Government, Geological Department.

2. The Office Establishment of the Inspector of Mines occupy their quarters free and the Inspectors of Mine too were enjoying this privilege for some time, but in view o the fact that no separate accommodation is provided for the Inspector and the Deputy Inspector of Mines and that both the officers occupy one bungalow which is also occupied by the Chief Inspector of Mines when he visits the Kolar Gold Fields on inspection duty, the Government have recently ordered in

Proceedings of the Government of His Highness the Maharaja of Mysore,— Geological, dated 13—16th April 1907.

READ—

Note No. 140, dated 19th March 1907, by the State Geologist in Mysore and Secretary t Government, Geological Department, submitting for sanction estimates for the supply water, electric light and furniture for the office and quarters of the Inspector of Mines c the Kolar Gold Field.

No. 2676-7, DATED BANGALORE, 13—16TH APRIL 1907.

ORDER THEREON.—The following are the estimates referred to in the not above read:—

(1) for a project for the laying of pipes for water-supply prepared by th Executive Engineer, Water-supply and Stores Division, and received wit letter No. 2068, dated 30th March 1906, from the Chief Engineer i Mysore, cost Rs. 1,241.

(2) for the installation of electric light, prepared by the Resident Enginee Kolar Gold Field Electricity Department, and received with letter date 18th May 1906, from the Secretary and Treasurer to Messrs. Joh Taylor & Sons' Committee, Ooregum, cost approximate Rs. 1,950; an

(3) for the supply of furniture to the building at a cost of Rs. 2,678-2-0, as pe statement received from the Officiating Chief Inspector of Mines wit his letter No. 360, dated 11th September 1906.

2. The Government of His Highness the Maharaja of Mysore are satisfied tha the supply of water and of electric light to the building are urgently required, and ar pleased to accord their sanction to the estimates for these works.

3. The State Geologist has already obtained the consent of Messrs. John Tayl & Sons' Committee for the necessary connections being made with their mains, bu in the matter of water-supply, Committee say that the work should be carried out b Government officers. The Chief Engineer is accordingly requested to take the wor on hand at once and complete it as early as possible. The State Geologist is requeste to take the necessary action in the matter of the electric light installation.

4. As regards the supply of furniture, Government do not generally provide it officers with furnished quarters, and a free house does not include furniture. But th Government observe that there are no other buildings private or Government avai able on the Kolar Gold Field for the residence of the Inspector and the Deput Inspector of Mines who are stationed there. It is therefore necessary that thes officers should be allowed to occupy a portion of the office buildings, and Dr. Smeet proposes that the building should be classed as an inspection bungalow for the occu pation of officers of the Geological Department and provided with a certain amoun of furniture and rent levied for the occupation of officers at the rates prescribed i para 4 of Government Proceedings (D. P. W.) No. 383-415—3378-410, dated 24t June 1901, with the note appended thereto. The Government agree to this proposa and to sanction the supply of a certain amount of furniture to the building. It i reported that the Inspector of Mines has, in anticipation of the sanction of Govern ment, purchased furniture to the extent of Rs. 2,678-2-0 and paid for the same out c his pocket. The Chief Engineer and the State Geologist will decide what furnitur is necessary for the building and will take it over to Government from Mr. Bocque at the proper valuation.

5. In view of the urgency of the above three requisitions, which together cos Rs. 5,869, the Government are pleased to make an additional grant of this amoun to the D. P. W. Budget for the current year, and the charge will be met from saving surrendered under other budgetted heads of the State.

READ—

Memo No. 30, dated 8th August 1905, from the Secretary to the Government of His Highness the Maharaja of Mysore, Geological Department, observing that the systematic Inspection of Mines in Mysore requires a larger inspecting staff than is now available, owing to the gradual introduction of the Mining Regulation and to the actual increase in the amount and character of the work to be inspected, and submitting for the orders of the Government proposals for the appointment of two other Inspectors of Mines and four young men of Mysore to be trained under the Inspector of Mines and brought on the staff of Mine Inspection work after some years' experience.

(ii) Also memo No. 98, dated 23rd January 1905, from the same officer, submitting proposals regarding the remuneration to be given during the period of probation to the four men under training referred to in the above memo.

No. 43-45, DATED BANGALORE, THE 8TH JULY 1905.

ORDER THEREON.—Dr. Smeeth in the first of the memos read above, very strongly urges for the consideration of Government the need for increasing the mine inspecting staff on the Kolar Gold Field and the reasons given therein are not without force. The proposals submitted by Dr. Smeeth have been carefully considered, and the Government of His Highness the Maharaja of Mysore are pleased to sanction for the present the training of four young Mysoreans who have taken the B. A. Degree of the Madras University from the Bangalore Central College with Geology as their optional subject or have passed in that special subject under the Inspector of Mines, on a monthly allowance of Rs. 50 each for appointment eventually as Sub-Inspectors of Mines. The Government are not, however, prepared to guarantee these or any other appointments to these men. They shall now be designated as probationers and shall be on probation for a period of at least two years or such longer period as may be found necessary to develop their merits, and shall be liable to dismissal at any time if found unsuited for the work. The Geological Secretary shall, on the expiry of the period of two years' probation, submit to Government proposals regarding the pay and prospects of the Sub-Inspectors of Mines to which post the probationers may be appointed.

2. In view of the nature of the work to be done, Government consider it necessary that the selection shall be made from among the applicants for the post who are declared physically quite fit for the work by a special medical board formed for the purpose. The Senior Surgeon and Sanitary Commissioner in Mysore is accordingly requested to form a medical board to examine and report on the physical fitness of the candidates sent up by the Geological Secretary.

3. The work of inspection of mines requires the probationers to go down by ladders into the mines through shafts, etc., and work under-ground, and it shall therefore be stipulated that neither the Mining Companies nor the Government shall be held responsible for their lives while under training.

4. The Secretary, Geological Department, is requested to report in due course to Government, for their information and approval, the names of the men selected for training, etc.

5. Every probationer will be bound to enter into an agreement to serve, if required, the Mysore Geological Department for a period of not less than five years if he is found duly qualified for the work of Sub-Inspector of Mines after the aforementioned period of probation, or to refund the full amount of the allowances drawn by him if he refuses to serve.

6. In consequence of the difficulty of securing proper accommodation on the Kolar Gold Field, Government are pleased to order that quarters be provided for the probationers, and Mr. R. Bocquet, Officiating Chief Inspector of Mines in Mysore, will be requested to report to Government as to what quarters he can obtain on the Field for their accommodation.

7. Government consider that a better selection can be made after the applicants ave been at work for one month, and are accordingly pleased to direct that such pplicants as satisfactorily pass the medical board, the number being limited to six andidates, be sent to Kolar Gold Field for one month, at the expiry of which the fficiating Secretary to Government, Geological Department, and the Officiating Chief nspector of Mines will select the four most promising candidates. An allowance f Rs. 30 will be given to each of these candidates for the month during which he temporarily working, the allowance of Rs. 50 coming into force for the successful andidates only after final selection..

8. Separate orders will be passed by Government in regard to the appointment the additional Inspectors of Mines asked for by the Chief Inspector of Mines.
